Expresser 2 : Two Weeks Course

2 weeks course is made to achieve maximum efficiency for ESL and Business in a short term. University students and office workers can learn considerable vocabularies and expressions for presentation in various fields and know the techniques from the course. While making their own presentation logically and preparing for answers from some questions, they will have a chance to use a lot of expressions appropriate for both ESL and Business English. Particularly, the experience of presenting in English in front of other students and teachers on their last day would boost their confidence and be basis of a precious foundation for their future career.

Effect: Students will learn both Presentation skill and spoken English while preparing 30~40min. presentation speech for 2 weeks.
